

Day of Caring Individual Volunteer Form

Volunteering is the glue that holds a community together. It is highly rewarding and provides a much needed service to many. Volunteering can increase self confidence, reduce stress, provide a sense of purpose and connect you to your local community. United Way HPE is offering you a chance to give back to your community through our annual Day of Caring!

United Way's Day of Caring is an opportunity for engagement and team building, while giving back to the community that we all live, work and play in. Mobilizing teams of volunteers on June 26th, we will work together to make significant positive impact in our communities; assisting local non-profit agencies to complete projects that they wouldn't otherwise have the means to accomplish. We'd love you to join us! Please check our website events page for more information: www.unitedwayhpe.ca or call 613-962-9531
