

# Day of Caring®

**THURS. JUNE 18, 2026**

Imagine what could happen if hundreds of people stepped away from their desks for one day - and stepped directly into **ACTION!**

## **OVERVIEW**

Each year, **Day of Caring®** brings together hundreds of businesses, community partners and volunteers for one powerful, hands-on day. It's more than an event — it's a movement of collective care!

## **IMPACT**

In just ONE day, teams of workplace volunteers roll up their sleeves to complete meaningful projects - painting, building, landscaping, organizing, repairing, and revitalizing spaces in our community.
